Outputs include XLR balanced and RCA unbalanced master, zone, booth, record, and S/PDIF digital. Additional features include dual BPM meters, fader start, and a replaceable crossfader with adjustable slope.

MIX TRACK PRO DJ CONSOLE

A portable classic two-turntables-and-a-mixer setup connects to your computer so you can scratch, mix, loop, and has all the inputs and outputs you'll need for your headphones, speakers, and a mic.

BEHRINGER 5 CHANNEL MINI SOUNDBOARD

This stand-alone component is great for hooking up several instruments, dj consoles and microphones. The mixer comes with two state-of-the-art XENYX mic preamps, comparable to stand-alone boutique preamps as well as three-band EQs for warm and musical sound.

B52/MATRIX DJ SPEAKER SYSTEM

Awesome for big events...indoors or outdoors! The B-52 Matrix 2000 Speaker Sound System consists of 2 - 12 inch 2-way speakers, an 18 inch subwoofer with a 3-channel amplifier, and circuitry housed in a separate compartment on the sub units back. A 600W amp drives the subs, and 2 - 300W amps drive the 2-ways. All you have to do is connect the Matrix 2000 system components, plug in the power cord, plug in your mixer or other sound source, and you are ready to wake the neighbors!.

EDISON SPEAKER (Bluetooth)

This powerful Bluetooth speaker is multifunctional. It has multiple connections to hook up alternative music sources as well as USB Inputs for USB Thumb Drives filled with MP3s.

MACKIE SPEAKER

When you need a lightweight and portable speaker, but don't want to sacrifice sound or performance, the Mackie Thump TH-15A offers the best of both worlds. The Mackie Thump features a large 15" woofer powered by a 300-watt class-D amplifier, and a 1" compression driver powered by a 100-watt class-A amplifier.
